

Application Letter for Overseas Academic Conference Participation

To: School of Information Engineering, Sichuan Agricultural University

Dear Sir or Madam,

Greetings!

We, the undersigned undergraduate students, hereby apply for permission to travel abroad from **May 4, 2026 to May 8, 2026** to attend the **IEEE International Conference on Acoustics, Speech, and Signal Processing 2026 (IEEE ICASSP 2026)**, which will be held in **Barcelona, Spain**, from **May 3 to May 8, 2026**.

Our paper entitled:

“TOWARD ROBUST SPATIAL MULTI-OMICS INTEGRATION: SPATIAL MULTI-OMICS INTEGRATION VIA ALIGNMENT AND SCHEDULED DIFFUSION”

has been officially accepted by the conference and we have been invited to present our research work. IEEE ICASSP is one of the largest and most influential international conferences in the field of signal processing, bringing together leading scholars and researchers from around the world. Participation in this conference will not only help present the research achievements of our university, but also promote academic exchange and international collaboration, thereby enhancing the global academic influence of the university.

The applicants for this overseas conference participation are listed as follows:

1. **Ke Tan** (Student ID: 202306630)
2. **Guihua Yu** (Student ID: 202207544)
3. **Tingting Li** (Student ID: 202406980)
4. **Haoran Chen** (Student ID: 202308611)
5. **Jianchao Liu** (Student ID: 202404648)

During the trip, we will strictly abide by the relevant national laws and regulations as well as the university's policies on overseas travel. We will complete the academic activities as scheduled and return on time while upholding the reputation of the university.

We hereby submit this application to the School and sincerely request your approval.

School Comments:

After careful review, the School regrets to inform the applicants that the request for overseas travel cannot be approved for the following reasons:

1. International Security Concerns

In light of the current unstable international situation, including ongoing geopolitical tensions and conflicts such as the Iran–Israel conflict, there are increasing uncertainties and potential safety risks associated with international travel. Considering the safety of students as the top priority, the School has decided not to approve overseas travel for this conference from a security and risk management

perspective.

2. Conflict with the Academic Calendar

According to the national holiday arrangement for **Labor Day in China in 2026**, the holiday period is scheduled from **May 1 (Friday) to May 5 (Tuesday), totaling five days**. The proposed travel period for this conference extends beyond the official holiday schedule and overlaps with the time when students are expected to return to campus and resume normal academic activities. Therefore, the application does not comply with the university's academic and administrative scheduling requirements.

3. Academic Responsibility Considerations

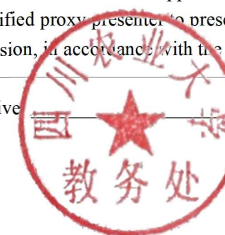

Undergraduate students are expected to prioritize their academic responsibilities and comply with the university's teaching schedule. Extended absence from campus during the academic period may affect coursework, supervision, and other academic obligations.

For the reasons stated above, the School is unable to approve this overseas travel application. The applicants are encouraged to arrange a qualified proxy presenter to present the poster and explain the research work on their behalf during the poster session, in accordance with the conference policies and procedures.

学院意见：

经认真审核，学院遗憾地通知申请人，本次出境申请暂无法批准，理由如下：

1. 国际安全形势考虑

鉴于当前国际局势不稳定，包括伊朗—以色列冲突等持续存在的地缘政治紧张局势，国际旅行面临一定的不确定性和潜在安全风险。出于对学生安全的首要考虑，学院从安全与风险管理角度决定不批准本次出境参会申请。

2. 与学校教学安排存在冲突

根据 **2026 年中国劳动节假期安排**，放假时间为 **5 月 1 日（星期五）至 5 月 5 日（星期二）**，共 **5 天**。本次会议申请出行时间已超出国家法定假期范围，并与学生应返校恢复正常教学活动的时间相重叠，因此不符合学校教学与行政管理安排的相关要求。

3. 学业责任方面的考虑

本科生应当优先履行其学业责任，并遵守学校教学安排。在教学期间长时间离校，可能会对课程学习、学业指导以及其他学业任务产生影响。

根据上述原因，学校无法批准此次海外旅行申请。建议申请人安排一位合格的代理人，在海报展示期间代表其展示海报并解释研究工作，并按照会议的政策和程序进行。
